THE CLOSING QUOTATIONS OF MONEY.

Offerings and Sales at the Richmond Tobacco Exchange-Internal Revenue Collections-Foreign Advances,

NEW YORK, Jan. 13,-This was another dull day at the Stock Exchange, the sales footing up 116,126 shares. The fluctuafooting up 116,126 shares. The fluctuations in the Grangers, Chicago Gas, General Electric, Western Union, Reading, and Missouri Pacific were confined within a ranke of 1/1/8, per cept. These stocks adverced to the extent named and then lost the improvement. Sugar, after rising % to 113%, declined to 111/5 on the announcement that Arbuckle Brothers, who are fighting the Sugar Trust, had made an application for a receiver for the Woolson Spice Company. The Sugar Trust, or individuals identified with it, recently obtained a controlling interest rost, or marvadas agained with recently obtained a controlling interest in the Woolson Company, but the Arbuckles managed to secure a part of the company's stock, and evidently mean to theckmate the Sugar Trust people, if they can possibly do so, through the checkmate the Sugar Trust people, if they can possibly do so, through the courts. Manhattan advanced is 10 894, and then declined to 878, it being understood that the Hendricks case now before the New York State Rallway Commissioners will be pushed with vigor. It is reported that if the commissioners accord the complainant a hearing interesting developments will follow. Wheeling and Lake Erie shares developed renewed weakness, although nothing transpired to comfirm the rumors current yesterday about an impending receivership. The commen declined 15 to 3% and the preferred 315 to 14. The general market was adversely influenced during the afternoon by dispatches from Washington that the Senate will probably take no action at this session on the treaty between this country and Great Britain, and by advises from the West of hostile legislation this session on the treaty between this country and Great Britain, and by advices from the West of hostile legislation in Nebraska and elsewhere to the railroad interests in that section. The market closed quiet and barely steady in tone. Net changes show declines of 4,60 by per cent. Susar and Manhattan leading. Bonds were higher. The sales footed up \$1.581.000.
